WHAT FUTURE FOR BRITISH CHILDREN?

ISSUE No. 15

"1 IN 3 TO BE BLACK" —OFFICIAL PLAN

District
Trends
1978

THE MOST frightening statistics ever published on the Black population explosion in Britain were released recently by the City of Bradford Metropolitan Council. The horrific figures, which indicate a 60 per cent increase in the Black population in only eight years, went almost unmentioned by national newspapers.

The Bradford report, called *District Trends 1978*, shows the future Black population based on current trends and provides a terrifying glimpse into the future of multi-racial Britain.

The report says:—

1. By the year 1986, one in three babies born in Bradford will be Black.

2. Whilst the White population of the city will fall by 11,200, the coloured population will rise by 24,500 to become 66,100 — 14 per cent of the total. Even if immigration stopped altogether, the Black population would still rise by 15,500.

3. The number of White children under 14 will drop by about 14,000, but the number of Black children will increase by 11,000.

4. Whilst the number of 5 year-old White children entering school will increase by only 600, the number of Black children starting school will be 2,300 — nearly double today's figure.

The report states the reason for this Black birth explosion with shocking frankness:

The rise in non-White births is caused partly by the high fertility rate among non-White women, but also by the increasing number of non-White women reaching child-bearing age — and by the rising number of wives and children arriving in Bradford from overseas...

Since 1971, over 8,000 immigrants have arrived in Bradford. But the significant effect on the population is not just the numbers. It is the fact that 90 per cent of them are wives and children — including girls. This increasing number of non-White women will keep the number of non-White births high no matter how quickly their birth rate falls.

The opposite is also true. If immigration stopped tomorrow, the non-White population would still go up because of the high number of

children and wives, and the high level of the birth rate.

The Bradford report's revelations are made all the more frightening when it is stated that the figures are "based on the assumptions" that immigration in the city will fall to only 600 in 1986, and that the fertility rate among Blacks will fall to "the Government's estimate" of equality with the White fertility rate.

We all know, of course, that such Government estimates have always been sheer lies to cover up the dreadful truth about Britain's Black population.

Indeed, the Bradford report itself contradicts these "estimates" of immigration and fertility decline. It points out that while between 1976 and 1977, White births fell by 300 a further 6 per cent, "the number of non-White births rose by 200 to 1,550 — an increase of 15 per cent."

It also points out that in 1976, "one in every five babies born in the district was non-White. In 1977, it was one in every four." Some decline!

The Bradford report coincides with the recent *Social Trends* report of the Office of Population Censuses

OUTNUMBERED!

and Surveys, which revealed that Britain's Black population is likely to increase by half in the next ten years.

These latest figures make one thing clear. The Anglo-Saxon-Celtic people of this country, unless they wake up, are going to be engulfed by a Black tide that will be sweeping

upon them before the end of this century.

THE ONLY ANSWER IS MASS REPATRIATION!

The National Front will be the only party in the coming General Election calling for repatriation. So don't waste your vote.

VOTE NATIONAL FRONT.

REDS STAGE BOGUS 'RACIST BOMBINGS' TO GET N.F. BANNED

'Bomb' at Morning Star scorched floor and singed a mail bag!

IN THE run-up to the General Election the readiness of the news media to use any propaganda lie to associate the National Front with violence has been ruthlessly exploited by ultra-violent fanatics within the "Anti-Nazi League" (ANAL).

ANAL's fondest hope has been to secure a ban on the NF before the General Election by causing riots at its activities, and engineering "racial attacks".

ANAL's fanatics hoped to expedite that objective and spark off major political violence by posting 'bombs' to a variety of political targets known for their hostility to the NF.

Here is a digest of the 'bombings':
1) Two 'bombs' were delivered to Socialist Workers' Party/ANAL

activists in High Wycombe at the start of the Parliamentary by-election for Wycombe — in which the NF had a candidate.

One was addressed to bus driver Roger Prouse at the Wycombe bus garage. It lay unopened for two days until he tried to open it on Wednesday March 29th. Witnesses reported that the device "exploded along the ground." The floor was scorched, but no other damage was done and Mr. Prouse was unharmed.

On the same day as this "blast" another 'bomb' was delivered to the home of milkman Paul Nunnen, but word reached him about the Prouse 'bomb' so he did not tamper with it.
2) The Parliamentary by-election for Lambeth Central, Brixton, London, was also current, with an NF candidate, and it attracted its

'bomb' incidents.

One was delivered on Tuesday April 4 to the Covent Garden HQ of the Communist Party. This barely burst its container and merely scorched a desk.

The other was delivered on the same day to the HQ of the National Union of Public Employees in the constituency, but was spotted and defused.

3) On Tuesday 4th July a parcel being opened by Mr. Stuart Porte, an employee of Housemans Pacifist Bookshop in Kings Cross, London, "exploded". He received superficial burns to his neck, face and hand.

4) On Wednesday July 26 staff at Conservative Party Central Office in Westminster, London, spotted a suspicious parcel. Press descriptions

MURDER ATTEMPT ON N.F. FAILS

DURING the past nine months the NF has been the subject of a propaganda campaign of unprecedented magnitude and ferocity. The formation by Marxist and Zionist factions within and without the Labour Party of the "Anti-Nazi League"; the promotion of ANAL by the mass media; and the production of special smear features (of which Granada TV's sinister *World In Action* diatribe and the *Daily Mirror's* inane "Wiesenthal is Watching You" concoction were but two examples) are considered by many to be simply attempts to prejudice the minds of voters against the NF prior to the General Election.

"Labour's" propaganda blitz has the influencing of the electorate as one of its objectives — but the electorate are

not the principal intended targets.

The principal objective of those who planned the anti-NF onslaught was to murder the NF BEFORE the General Election — to so demoralise and intimidate the NF leadership and membership that the party would disintegrate.

Competition between Labour and the Conservatives is now so close that Labour does not want any NF candidates at all in the General Election fray taking two "Labour" votes for each "Tory" vote... even at a reduced rate.

That our young party has clearly survived "Labour's" assassination bid and still aims at a target of 300 candidates is a triumph in itself and proof that it is a permanent feature of the British political scene.

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the Immigrant people in general. "Racialism" is NOT unlawful — only "racial hatred".

EXPOSED: PRESS LIARS INVENT 'NATIONAL FRONT VIOLENCE'

PROOF that the news media is involved in an orchestrated pre-General Election campaign of lies against the National Front has emerged in recent weeks.

Perhaps the most outrageous instance was Granada TV's *World In Action* feature allegedly exposing "National Front violence" — which even the Marxist *Socialist Challenge* delightedly described as "a hatchet job".

Of the 12 instances of violence covered, only two had any connection with NF members! All the other events were either the alleged work of unspecified "NF supporters" or were sheer inventions.

Granada promised NF Chairman John Tyndall 4 minutes in the programme to make reply — but his replies were so effective that they were cut down to less than one minute! This is how the TV liars

work.

Newspaper liars are just as unscrupulous. This summer the press has been full of sensationalist reports of alleged "racist attacks" by "White thugs" against Asians in London's East End.

In May they reported that one Altab Ali had been murdered "by two Whites" in a "racial murder".

Daily Telegraph, July 7 1978

ATTACKERS OF ASIANS WERE COLOURED

By Our Crime Staff

Two of the 12 youths who hurled bricks and bottles at Asian workers leaving Charrington's bottling plant in Three Mills Lane, Bow, on Wednesday, were coloured, it was disclosed yesterday.

Later Police issued 'identikit' pictures of the two wanted men. One of them was a half-cast negro!

In July the press made much of a brick and bottle attack by "a White gang" on Asian workers leaving the Charrington's bottling plant in Bow. Later the truth came out.

At least two of the thugs were "coloured". (This fact was only reported in the *Daily Telegraph* — and then only in two paragraphs hidden away on its back page!)

These "White racist" attacks were used by the "Anti-Nazi League" (ANAL) to try and whip up more violence by issuing a leaflet headed: "Drive the Nazi Murderers Out of Brick Lane!"

Many East Enders believe that ANAL and Socialist Workers' Party agents provocateurs have "wound-up" gangs of local yobbos simply in order to stampede the Asian community.

Metropolitan Police Commissioner David McNee may know more than he was prepared to say when he recently described ANAL/SWP activity in the East End as "a trap".

The NF Publicity Department is pursuing complaints to the Press

Council about some of the more outrageous lies about the party which newspapers publish.

A victory over the Zionist owned and edited *Daily Express* has been won recently. The paper falsely accused the NF of involvement in "frightening scenes of violence".

THE TIMES MONDAY AUGUST 21 1978

NF complaint against paper upheld

A complaint that the *Daily Express* failed to correct an implication that the National Front had engaged in violence on an occasion when it was not established is upheld by the Press Council in an adjudication released today.

The *Daily Express* reported that after a "weekend's frightening scenes of National Front violence" councillors were pressing for a ban on extremist rallies.

Mr Martin Webster, national organizer of the National Front, wrote to the editor and then complained to the Press Council that the facts were that there had been no involvement in violence by National Front members or supporters that weekend. After telephoning the paper he thought it did not wish to give a correction and was

hoping that by delay the matter might be forgotten.

The deputy editor, Mr Arthur Firth, later wrote to the complainants to say that the *Daily Express* felt that until the National Front could convince them that they neither encouraged nor created violence no further statement was warranted; the phrase used had been a generic term.

In his formal response the editor of the *Daily Express*, Mr Derek Jameson, made three points. Mr Webster had been bullying and offensive on the telephone; to complain of the generic phrase "National Front violence" was a fine point; and there would have been no violence if the Front had not held its rally in an inflammatory atmosphere.

A memorandum had been issued to production executives calling attention to the need for care in handling reports involving the National Front and violence.

Commenting on that response, Mr Ernest Pendrous, of the National Front, said Mr Webster denied adopting a bullying offensive tone.

The Press Council's adjudication was: The article might be taken as implying that National Front members themselves engaged in physical violence which, on this occasion, is not established to have been the case. The Press Council agrees with the memorandum by the deputy editor, although it was issued after the event, and to the extent that the principles indicated in the memorandum have not been observed the complaint against the *Daily Express* is upheld.

Stop the race violence, he said... and this is what happened

The Brick Lane bully-boys

LIKE all the other street traders at Brick Lane's Sunday market, young Graham Turner knows how hard the weekly race clashes have hit business.

Yesterday, minutes after the East End traders announced they were to campaign against the violence, the bully-boys gave Mr Turner their answer.

As he cleared away his stall, a group of young National Front supporters drove on a car and began to smash his goods with bricks and bottles.

When he collapsed bleeding among the market litter, they kicked him and kicked him. The regular force of several hundred police, who were just preparing to leave, were unable to save him from serious injury.

Mr Turner, from Bone Hill, St Albans, Hertfordshire, was given first aid and was taken to hospital.

Meanwhile the clearing-up went on after a quieter-than-usual Brick Lane Sunday.

1. A STORY FLEET ST. INVENTED

THE *Daily Mail* and other national papers carried a story on Monday July 31 which claimed that "a gang of National Front supporters" had attacked and beaten up a "market trader" in Brick Lane Market, Bethnal Green, East London.

The papers made it look as if Turner was attacked for making a non-political protest against political violence in the market, along with other local traders.

THE TRUTH is that Turner is not a Brick Lane market trader. He is an unemployed building labourer from St. Albans, Herts. — 30 miles away!

He went to Brick Lane with other ANAL/SWP would-be bullies on Sunday July 30 to "smash" NF members who had been peacefully selling this paper in Brick Lane on Sunday mornings for the past two years! The "smasher" smashed!

Brave dad is beaten by the Brick Lane thugs

2. TRUTH FLEET ST. HID

HENRY Ward is a genuine Brick Lane local resident — and a life-long Labour voter. On the evening of Saturday August 12 he was walking near his home with his wife when they were set upon by an armed gang of Asian "vigilantes".

A lethal lump of concrete narrowly missed his wife's head. When Mr. Ward went to protect her his arm was smashed with a pick-axe handle. Then he was hit with a golf club.

Mr. Ward told the *East London Advertiser*: "The Asians seem to think that every White person supports the National Front."

Not a single national newspaper gave any mention of the murderous racial attack — they were too busy inventing lies about "National Front violence"!

Contd. from front page

REDS STAGE BOGUS 'RACIST BOMBINGS'

indicate this was a similar device to the other 'bombs'.

5) Two further 'bombs' were delivered on Monday July 31 to London addresses. One went to the Farringdon Road offices of the Communist Party's *Morning Star*.

This "exploded" while being opened by Mrs. May Pateman. It only managed to slightly singe her dress, a mailbag and the floor.

The other was spotted by staff at Collett's, the Communist bookshop in Charing Cross Road and defused by the Police.

All these 'bombs' were made of a sodium chlorate mix. They were all clearly designed to cause headlines, not injure individuals or damage property.

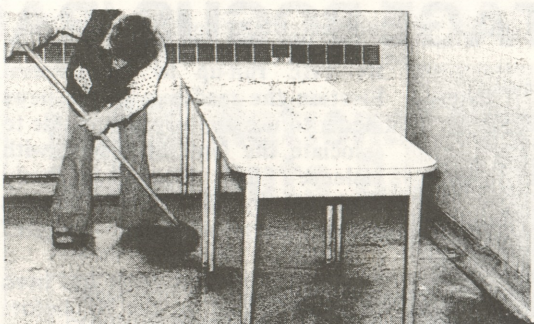

May and June were 'bomb' free. Coincidentally, on May 24 Police

raided a flat in Bayswater, London and arrested two Anarchists, seizing bags of sodium chlorate. Police then raided and arrested Anarchists in various parts of North London during June and the first week of July.

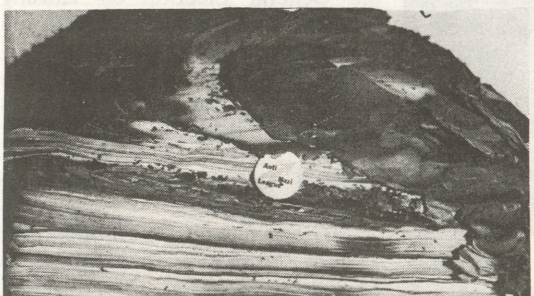

Six Anarchists are now awaiting trial on a "Conspiracy to cause explosions" charge.

Anti-NF, pro-ANAL *Guardian* journalist Martin Walker was arrested for obstruction outside Lambeth Magistrates' Court when the six Anarchists attended a remand hearing on July 20. Walker strongly objected to giving the Police his finger prints.

If some of these events and organisations turn out to be interconnected it is likely that a full explanation will not be given (if it is ever given) until after the next General Election!

Only a mop was needed after Wycombe "bomb blast".

Aftermath of "arson" at ANAL HQ — a pile of singed posters... and an "emergency" appeal for funds!

NF News Nightmare File

A BITE IN THE THIGH was the wound which Nigerian Emanuel Scott inflicted on Strangeways Prison Officer Robert Taylor. During a 'strip search' on Scott following an appearance before the Board of Visitors, prison officers struggled to remove a razor blade from Scott's mouth, receiving serious cuts. At the height of the struggle, "Scott quite deliberately sank his teeth into the officer's thigh", Manchester Crown Court heard.

BITING OFF AN EAR was how Moroccan chef Larbi Strifet settled a quarrel with his friend Rachid Benghanen in London's Soho. Handing down a suspended prison sentence on Strifet at the Old Bailey, Judge Alexander Karmel, QC, said: "Teeth are for eating meals, not for eating human beings. In this country you can't go around biting off bits of people's ears and noses."

ANOTHER BITER is West Indian Maxi Ensor. He chewed so hard on a police officer's fingers that he had to be punched twice in the face before he would let go, Birmingham Crown Court heard last month. "You should have heard him scream," he said.

KNIFE CUTS on the back, chest and face were used by Nigerian Peter Izu on his 15 year old son, Kingston Crown Court, South West London, was told last month. Pleading not guilty to malicious wounding with a razor blade, Izu said: "I am from Nigeria and it is the tribal custom. Charlie had been bad so I cut him on the face with a razor blade to get the devil out." The son was being punished for joining a group of Rastafarian squatters.

DRIPPING WITH BLOOD was how one frightened Salford, Gtr. Manchester resident saw Immigrant Mohammed Khan after he had cut himself while breaking into a funeral parlour. Caught by the Police clutching an iron bar and standing in a pool of his own blood, Khan told policemen: "Somebody from the IRA pushed me through the window." This was not believed by Salford Magistrates who sentenced him to a month in prison.

"A FASCIST COURT" was how five Chinese women accused of assault against the Police described Lambeth Magistrates' Court in August. Refusing to plead on 13 charges, the Chinese shouted that Police "had been instructed to arrest us by NATO and the British fascists." The Magistrate ordered that they be remanded in custody to decide whether they were "mute by malice or visitation of God."

CASTING SPELLS was the reason given by Singh Chana of Southall, West London for murdering his next door neighbour Javed Malik with a carving knife. An Old Bailey Court heard that Chana suddenly jumped up from watching television, went next door and stabbed Malik in the heart. Said Chana: "I stabbed him because I was fed up. He was casting magic spells. I have been keeping myself in control for a long time."

DEAD RATS and maggots were found by Health Inspectors when they visited a food shop owned by Indian Piara Singha, Bedford Magistrates were told last month. Rat and mouse droppings were discovered amongst stores of food, as well as three dead rats and a sink crawling with maggots. Pressing six charges of having mangoes, chupatty flour and other foods unfit for human consumption, the Council told the court that they could have brought many more charges. "These six are just a token gesture."

"I'LL SLIT YOUR THROAT from end to end" was West Indian Edward Mussington's threat to a woman Traffic Warden who had given him a parking ticket, Ipswich, Suffolk Magistrates were told recently. Mussington explained to the court: "I am not uncivilised."

FRIGHTENED TO DEATH was how the Police described the fate of 84 year-old widow Mrs. Katherine Willits of Wolverhampton, West Midlands, who was attacked with a brick by a Chinese boy, aged four, and a half-caste West Indian, aged 6. No charges were brought as they were under-age.

EVIL SPIRITS that would soon kill West Indian woman Zehra Atikoglu of Brixton, South London, were the means by which Gypsy fortune teller Madame Clarissa obtained £200 by false pretences, a Lambeth magistrate heard last month. Mrs. Atikoglu paid for an exorcism in which an egg wrapped in a scarf was pressed on her stomach. "I went a bit dizzy," she said, "but I believed the spirit had been purged."

the raping of old women and young girls is becoming rather common place in Trinidad & Tobago.

BLACK SAVAGES TERRORISE OUR OLD FOLK

SHOCK-WAVES of horror greeted the news of the multi-racial multiple raping of a 92 year old spinster in Dalston, East London on August 6.

Two West Indians and "a dark-haired Englishman" broke into her house, ransacked the premises and stole property. They then battered the old lady unconscious - breaking her jaw, six ribs and covering her body with bruises and abrasions.

They then took it in turns to rape her.

Police in the multi-racial Ladywood district of Birmingham have issued recently a special "look over your shoulder" warning to old folk following a spate of attacks by teen-

age West Indians on elderly women in the area. In one attack, a woman of 80 was knocked to the ground and her handbag snatched.

Shortly before this warning West Midlands Police announced that robberies, most of them muggings, have shot up by a staggering 48 per cent. More than 14 violent crimes are committed each day in the region. One of the main targets are White old folk.

Fear of Coloured Immigrants is holding up a scheme for the cultivation of pensioners' gardens in the Sandwell (West Bromwich) area, according to a local Council report this summer.

"Most elderly people are afraid of and will not accept Coloured

people into their homes," the report admitted.

"They gave me a bashing, but I put up a fight." So said brave 60 year old Mrs. Muriel Regan. As she was returning to her Dolphin Square flat in Pimlico, Central London, she was attacked and beaten up by three club-wielding young Blacks who snatched her purse containing £65.

Mrs. Regan's elderly and infirm neighbour, Mrs. Crooks, was lying ill in bed when the same gang burst into her flat.

A young Black mugger left an unnamed 82 year old widow in a pool of blood after he had attacked and robbed her of a purse containing £4 in the Mander shopping centre

in Wolverhampton in July.

When 75 year old Mr. Harry Rowley asked a gang of Black youths outside his house in Darwin Street, Birmingham recently to keep quiet, he was attacked. One sadistic lout shot him three times in the face with an air pistol.

16 year old Black thug John Actie was sentenced by Judge Watkin Powell at Cardiff Crown Court on August 3 to three years' detention. Actie had been convicted of robbing a 60 year old invalid, Mr. Garfield Jones.

Actie, together with another thug "invaded Mr. Jones' flat, and used violence that amounted to torture."

BLOOD FLOWS AS FRENZIED ASIAN GANGS BATTLE

NATIONAL newspapers have made much of a few isolated instances of 'Paki-bashing' by White youths, while hushing-up the appalling number of savage acts of violence which Asians perpetrate against each other.

The photograph shows detectives holding some of the razor-sharp butcher's knives which 16 members of the Wo Shing Wo Chinese gang used against members of the rival Shui Fong gang in a "chop-up" which took place in a Bayswater, West London Chinese restaurant.

The injured sustained deep cuts to their arms and legs and one man's hand was almost severed.

Fines of £2,200 and suspended jail sentences were handed down at Birmingham Crown Court recently to seven Indians who attacked two Pakistanis with pick-axe handles, iron bars and sticks, causing grievous bodily harm. The attack arose from a multi-racial sex squabble over a White slut.

Detectives display knives used in Chinese "chop-up"

"A dreadful contest" was how Mr. Justice Melford Stevenson at Shrewsbury Crown Court on June 13 described an affray which took place in a Smethwick, West Midlands public house car park.

The fight started between just 2 Sikhs, but very soon friends of both contestants joined in, flailing each other with hockey sticks, metal rods, iron bars and knives.

Hockey sticks, knives and clubs were also used in a "pitched battle" outside the Kob-I-Noor Social Club,

Handsworth, Birmingham in April. Before Police arrived to separate the twenty brawling Asians three serious injuries - two stabbings and one clubbing - had been inflicted.

Police linked the brawl with a similar battle involving 40 participants five hours earlier outside a cafe in nearby Solihull. Police say that fight also was started by two Asian knifemen.

The fraternal spirit which TUC dignitaries assure us exists in the hearts of Asian trade unionists for

their White 'brothers' evaporated among Pakistani workers at a Halesowen factory in June.

Four of them attacked, beat up and wounded their union shop steward Mr. Peter Hasson, following a factory dispute which resulted in 11 Pakistanis being made redundant. They used knuckledusters and a flick knife to convey their "fraternal greetings".

Sohan Singh Pal of Handsworth, Birmingham did not tolerate any back-chat from his wife, Kulip. Through an interpreter he told Birmingham Crown Court:

"I became very angry because we argued a lot. I picked up a knife and pressed it on her neck with both of my hands until her head became separated from the rest of her body. I then placed her head at the top of her legs."

These are just a few of hundreds of recent cases NF News has on file of horrific Asian violence in Britain. Why is it that the national press only reports violence against Asians allegedly perpetrated by Whites?

HAS IMMIGRANT MOB VIOLENCE COWED THE POLICE?

WHY are the Police these days so anxious to accommodate the every whim of Black 'community leaders', 'Carnival' organisers and "Anti-Nazi League" agitators and so ready to deny basic democratic rights to the National Front?

Could the answer be that Police Chiefs have become increasingly intimidated by politically-inspired Immigrant mobs and have determined on a strategy of appeasement?

Perhaps this strategy was illustrated in Wolverhampton last May when a large crowd of young Blacks gathered menacingly outside the Red Lion Street Police station shortly after two young Black

hooligans had been arrested.

Though the crowd obstructed road traffic for two hours it was not dispersed. Instead, the West Midlands Deputy Chief Constable and a bevy of "community relations workers" rushed to the scene on a 'sooth and pamper' operation.

Other West Midlands Police

Wolverhampton Blacks gather outside Police station

officers have a rougher time of it. Five officers - including a woman - were injured as they tried to arrest members of a 15 strong Black gang who were shoplooting in Birmingham City Centre last August.

As the Police officers tried to do their duty they were set upon, beaten, kicked and hospitalised.

Another teenage Black gang in Birmingham attacked Mrs. Linda Tovey, Mrs. Kathleen Ferrugia and her daughter Maria in July. Intent on stealing the two womens' handbags, the muggers "mercilessly kicked and punched Maria and the two women to the ground."

As unemployment grows violent gangs of Black robbers will become an increasing feature of inner city life. Sooner or later the British people must elect a Government with the guts to repatriate the Immigrants as the only alternative to race war.

Muggers turn on shop staff

SHOP staff are prime targets for the gangs of Black muggers who have turned to shoplooting.

One of their victims (pictured) is 53 year old Mrs. Jacoba Goody, manageress of a wallpaper shop in the Highgate area of Birmingham. As she was locking up recently several Black youths entered the shop.

"The next thing I knew, one of them had his arm round my throat and was strangling me. Then they kicked and punched me," she said.

Special surgical treatment was required to mend Mrs. Goody's

shattered jaw after gashes in her head had been stitched.

Boots the chemists in Moss Side, Manchester was the scene of a "run-amok" by a gang of Black thugs, Manchester Crown Court was told in July. They terrified staff and customers and caused £700 worth of damage.

The Court was told that the attack was an act of retaliation for the shop manager's having detained a young Black girl as a shop-lifting suspect.

Two West Indians attacked off-litence manageress Miss Janice Clow, while she was alone in her Chingford, Essex shop. While one held a knife to her throat, the other looted her till.

"Minor incidents" Mr Childerstone?

ANOTHER top Police officer has hit the "community relations" trail. This time it's Commander Fred Childerstone who in August took over 'W' Division (Wandsworth) in South London.

Says trendy, promotion-minded Cmdr. Childerstone:

"Minor incidents involving the Coloured community tend to be blown up out of all proportion."

On the day that his fashionable views were reported in the South London Press (August 4) the Wandsworth Borough News reported two really terrifying attacks by gangs of Blacks on White family groups.

In one incident Mr. Stephen Anderson and his visibly pregnant wife were attacked by 20 Blacks

who circled them screaming and chanting.

Mr. Anderson was stabbed three times in the back - one of the wounds puncturing a lung. Mrs. Anderson's handbag was snatched.

In the other incident Mr. Kenneth Brown, his wife and his daughter were attacked by a Black gang in a subway. They squirted toxic fluid into Mr. Brown's eyes and beat him up.

His wife was robbed of her handbag, her wedding and engagement rings and a gold cross. His daughter lost her handbag.

"Ship us to Africa" say Rastas - We say: Right on!

AN ever-increasing number of West Indians - particularly youngsters born in Britain - are joining the Rastafarian sect. This cult believes that the late Emperor Haile Selassie was the last God-incarnate and that salvation for Negro people is dependent on their return to Africa.

The 'Rastas' in our picture appeared before magistrates in London recently. They were convicted of obstructing a Police officer when they went to 10 Downing Street to petition the Prime Minister. This followed an unsuccessful attempt to stow away on an Africa-bound ship.

FRONTLINE ACTION

SHOREHAM, Sussex: The ANAL campaign to stifle NF meetings in the Sussex area was broken through early in August when members in the Shoreham district held a meeting to form a **Shoreham Group** and to adopt a candidate for the Shoreham Constituency. Earlier the members had tried to book a local hall for a meeting at which NF Chairman John Tyndall had agreed to speak, but this was cancelled due to ANAL threats and consequent demands for insurance. Undaunted the NF eventually found a local pub in which to hold a replacement meeting. Brighton ANAL got wind of this and so had a coach-load of thugs touring the town trying to find the meeting. They failed. Meanwhile 30 NF members elected a Group Committee and adopted **Mr. Michael Corfield** as their candidate. Shoreham members displayed the kind of courage and initiative that makes the NF grow!

PLYMOUTH, Devon: Devon County Council is one of a growing band of local government bodies who have refused to accede to demands made by the National Union of Public Employees that the NF be banned from hiring Council property. As a result of this decision **Plymouth Branch's** new Organiser, **Mr. Derek Merry**, has booked Plymouth Town Hall for an election warm-up rally on Tuesday September 26. Derek's wife, **Sandy**, has donated £200 to the branch election fund which so far is supporting 3 candidates.

ST. ALBANS, Herts.: Technical colleges usually find day-release students reluctant to take up literary interests – or even attend regularly “liberal studies” classes. One would have thought that staff at the Hertfordshire College of Building would have been delighted to learn that two apprentices – **Mr. Tim Hodson** (plumbing) and **Mr. Don Belcher** (carpentry) – were using “liberal studies” department facilities to write and print their own magazine for circulation among fellow students called *Spectre*. On the contrary, *Spectre* was banned after its second issue in June by the college Governors after they realised that the magazine supported the NF and that Tim and Don were members of Hemel Hempstead Branch.

JOHANNESBURG, South Africa: The South Africa wing of the NF launched itself in a blaze of publicity at the end of June when NF members infiltrated the Piet van der Walt Theatre in Johannesburg to protest against the relaxation of *apartheid* which permitted a multi-racial audience to attend a performance of a play called “Monkey Walk” (!). Teargas was released in the auditorium and the audience had to abandon the building for 90 minutes. The demonstration was organised by **Mr. Jack Noble**. SANF may be contacted at PO Box 10786, Johannesburg 2000, South Africa (Tel: 642-5939).

NORTHAMPTON: One of the most attractive candidates of any party standing in the forthcoming General Election must be **Mrs. Marilyn James**. A housewife and mother of 2, Mrs. James has just been adopted as the NF candidate for Northampton South. She is Secretary of Northampton Branch. She told a local paper: “Some people have called me a ‘Nazi’ – but these people talk rubbish about the National Front. I am not a ‘Nazi’ – merely a Nationalist. I used to be a dedicated Tory follower, but then I met NF members and saw how genuine they are.”

NATIONAL FRONT BAND: The Deputy Organiser of Rochdale Branch, **Mr. J. W. Owen**, a former Army bandsman, has agreed to take over the development of a National Front Band based on the Drum Corps started by **Mr. Stevie Smith**, YNF Organiser of Manchester Branch. Mr. Owen would like to hear from any NF members who can play (or once played) any musical instrument of the type used in marching bands and who live near enough to the Gtr. Manchester area to attend regular practice sessions. Expert tuition will be given. Any members from any part of the country with a suitable musical instrument to donate to the band should also contact Mr. Owen. For further details ring: Heywood 68505.

BASILDON, Essex: The attempt to deny the right of assembly to Basildon Branch was cunningly defeated in June. The local paper reported: “A National Front organiser this week admitted he fooled Basildon education chiefs into letting him hire Laindon School. Basildon NF Branch Secretary **Mr. George Canham** signed the application for the school hall on behalf of the ‘Basildon Council for Racial Understanding’. Later Basildon Labour Cllr. **Stanley Blackburne** was impersonated by a telephone caller who ‘told’ the Council to accept the booking. Cllr. Blackburne is Treasurer of the Basildon Council for Community Understanding. He said: ‘I hate the National Front’.” Tsk! Tsk! Temper, temper!

BOLTON, Lancs.: When Home Secretary Merlyn Rees visited Bolton Town Hall in August in order to fawn over local Immigrant leaders he was met by a large crowd of members of Bolton, Rochdale and Manchester branches, led by Bolton Organiser **Mr. John Hamilton**. After Town Hall officials refused to allow the NF members to enter the Town Hall and attend the meeting, an impromptu meeting was held on the entrance steps.

Young National Front keeps on growing!

FORTY of the brightest youngsters in Young National Front attended the first of a series of Leadership Training Seminars, held in the Imperial Hotel, London, on July 8 and 9.

The first day was devoted to a talk followed by discussion on “Power politics, International Finance and the drive for World Government.” The second day was occupied with “The case for Racism.”

Course leader on the first day was NF National Activities Organiser **Martin Webster**, and on the second, NF Administration Officer **Richard Verrall**. Chairman was NF Education and Training Officer **Andrew Brons**.

Reports of the growth of the YNF pour in from all parts. In July the *Bromley Times* surveyed YNF units in North Kent:

“In Bexley the Front claims that a dozen school children are passing out leaflets... In Dartford the Front have picketed a comprehensive school... in Sidcup the slogan ‘Young National Front’ has been daubed... In Bromley a 17 year old Front official claims to have recruited members from his sixth form

... In Greenwich the youngsters are formally organised with a youth organiser...”

After learning of the success of a YNF recruitment campaign in his school the Headmaster of Folkstone's Harvey Grammar School declared the leaflet *How to Spot a Red Teacher* to be “pornographic”, and the local MP **Albert Costain** has promised “an immediate investigation” – according to the South Kent *Folkestone Herald* in August.

Leader of West Sussex County Council Conservatives **Peter Shepherd** landed in hot water for denouncing the Bishop of Chichester's attack on the YNF *Red Teacher* leaflet. Mr. Shepherd found “no quarrel” with the leaflet and suggested the prelate should investigate the propaganda of Red teachers.

In Hyde (Gtr. Manchester) NF Branch Organiser **Frank Dawber** has set up a YNF soccer team to play in a Sunday League. Team strip: all white; team name: The Lilywhites!

INVALIDS' HERO JOINS N.F.

SEVERAL newspapers in Oxford and High Wycombe have reported the decision of invalid campaigner **Peter MacBryan** to join the National Front.

The Oxford Journal reported: “Oxford invalid campaigner **Peter MacBryan** has joined the National Front – to gain support in his bid to prove Government Ministers and MP's guilty of criminal negligence.”

“Mr. MacBryan became a national hero to many invalid drivers in 1974 when he claimed a ‘cover-up’ over the bad safety record of invalid tricycles.”

“He was finally threatened with criminal libel by **Michael Alison**, the then Minister responsible, who said a memorandum on which Mr. MacBryan based his evidence was a forgery.”

“Mr. MacBryan has now lodged a complaint with Thames Valley Police against the Prime Minister on grounds of criminal negligence and ‘conspiring to pervert the course of justice’.”

“He claims the earlier complaints he made to the Police, Scotland Yard and the Attorney General have been ignored.”

“This is why I have joined the National Front, as I believe all other parties fear the evidence I have to support my claims,” he said.

It must be noted that the criminal libel action threatened against Mr. MacBryan never materialised.

Mr. MacBryan is now in contact with the Chairman of the Health Services sub-committee of the NF Policy Department, **Peter Williams**.

“Church Pro-Red?”

CANON Donald Strudwick, Vicar of St. Clements, East Dulwich, South London, has recently criticised Church leaders for not attacking Left Wing violence with as much fervour as they condemn the National Front.

“Church leaders tell us that the National Front is ‘utterly evil’... yet the National Front did not cause the agony in Angola, nor did it murder Cambodia. Nor did it persecute Alexander Solzhenitsyn or thousands of others.”

“It does not oppress whole peoples of Europe, nor foment war in Ethiopia. It does not kidnap politicians or rich businessmen... yet there are no speeches and petitions and protests against all these evils. Why not, I wonder?”

“Is it because the perpetrators are Left Wing – and Left is right?”

Notts. members buy building

NATIONAL Front members in Nottingham are now the proud owners of their own building – **Albion House** at 9 High Pavement, in the heart of the city.

The building was formally opened in June by NF Chairman **John Tyndall** – while hundreds of ANAL thugs held a violent picket outside.

The property was purchased by the “Albion Restoration and Cleansing Co.” – a consortium of local NF businessmen members led by the Nottingham Branch Treasurer, **Lindsay Scorer**.

The Branch has Red hooligans to thank for the building, for had not the Reds terrorised the landlords of so many of the pubs where the NF held branch meetings, the initiative to buy a secure base might not have been made.

Branch Organiser **Brian Peacock** lives on the premises.

Cardiff NF confronts Benn

TONY BENN, the Labour Government's Energy Minister, was given a hostile reception from a crowd of Cardiff National Front members when he visited Dinas Powis at the end of June.

Thirty NF members – some carrying Union Jack flags – confronted Mr. Benn before he went into a meeting and protested against his and the Labour Government's treasonable Immigration policies.

Leading the NF protest (and in the centre of the photograph) was longstanding South Wales Activist **Eric Kerton** – who has recently been adopted by the Barry Group as the NF prospective Parliamentary candidate for Barry.

Mr. Kerton has completed 22 years with the RAF, seeing service in Egypt and Cyprus, as well as in the UK. He is now a production engineer within the air-conditioning industry.

On July 4 ANAL demonstrators gathered outside Cardiff's Central Hotel in a vain bid to stop NF representatives from Branches and Groups in various parts of South Wales attending a regional conference at which NF National Activities Organiser **Martin Webster** was guest speaker.

At the meeting Regional Organiser **Clare McAllister** announced that it was intended that NF candidates would be nominated in the Newport, Swansea, Carmarthen, Cardiff South and Pontypridd constituencies, in addition to Barry.

Among the local officials present at the meeting was Cardiff Branch Chairman **George Parsons**. Before joining the NF in 1969 (just before he organised a ‘Welcome to the Springboks’ march) he was at one time leader of the Liberal Party group on Cardiff City Council.

‘Anti-Nazis’ step up terrorism

AS the General Election draws nearer and the “Anti-Nazi League” finds that its propaganda smear campaign and its attempts to intimidate NF activities have failed to result in a break-up of the NF, it is resorting in desperation to terrorist tactics.

On July 2 the home of Mr. John Judge, Secretary of Sheffield NF Branch, was raided by armed ANAL gangsters. They burst through his door and into his flat. Ignoring money and valuables they stole branch files.

He was wounded in the hand by a shot from an air-gun and both he and his invalid wife were punched and threatened by the raiders. This shocking incident was almost totally ignored by the national press.

On July 24 ANAL terrorists tried to burn down the home of Walsall NF Branch Organiser **Mr. Charles Bough**. The blaze trapped three people as flames cut off a staircase. The Fire Brigade said the fire had been started deliberately below the stairs.

In recent month Mr. Bough has been attacked by Socialist Workers' Party ANAL supporters, and his door has often been covered with ANAL stickers.

As usual, this vicious attack on an NF official – which could have resulted in several deaths – was totally unreported by the national newspapers.

Yet a suspicious bit of “arson” at ANAL's office, in which a few posters were scorched, was headline news!
